TOPICS AT A GLANCE

- Navigating Regulatory Landscape for ESG Excellence
- Crafting Dynamic ESG Strategies for Sustainable Growth
- Effective ESG Data Management and Decision Making
- Transformative Leadership and Governance in ESG
- ESG in Value Chain and the Road to Net Zero
- Smart Technologies for Energy Transition

08:00 Registration and Morning Coffee

08:45 Opening Address from the Production Team and a Chairperson

09:00 Keynote Plenary Session: **Unlocking ESG Success: Your Guide to Navigating European and Global Regulations**

- Explore the dynamic landscape of current regulatory frameworks and standards shaping ESG practices in Europe
- Delve into the harmonization efforts, analyzing ongoing initiatives for standardization and the challenges faced in creating a unified ESG framework
- Assess the tangible influence of standardized ESG regulations, including the impactful EU

09:40 Strategies for ESG Standardization: Your Path to a Unified Future

- Craft your personalized ESG roadmap for success in Europe, navigating regulations such as the EU Taxonomy Regulation, TCFD, SFDR, and more
- Dive into collaborative efforts and industry initiatives, unlocking the potential for ESG standardization across sectors with a focus on regulations like CSRD and EU Ecolabel

If you're eager to showcase your sponsor case study, connect with **Tamaz**, our Head of Business Development, at **tamaz@evintel.eu**.

Join us in shaping an extraordinary conference experience.

10:10 Opportunity to learn about the sponsor solutions and interactive networking session 10:40 Coffee Break

10:50 Case-Study: Crafting Effective ESG Strategies for Sustainable Growth

- Propel ESG Success through strategic planning: Craft and execute dynamic ESG strategies, unlocking pathways for sustainable business growth step by step
- Harmonize short-term goals with long-term sustainability: Tackle the challenge head-on by aligning immediate business objectives with the enduring vision of cultivating a responsible and sustainable enterprise
- Gauge and amplify ESG impact: Identify key performance indicators and employ compelling communication strategies to vividly showcase the transformative effects of ESG initiatives to stakeholders

11:30 Establishing Robust ESG Set-Up: A Practical Guide for Businesses

- Navigate ESG implementation challenges: Understand common hurdles in setting up an ESG framework and strategies to overcome them
- Conquer ESG implementation challenges: Uncover and overcome common hurdles in establishing an ESG framework with targeted strategies for success
- Customize ESG strategies for diverse sectors: Engineer industry-specific ESG approaches that perfectly align with the unique challenges and opportunities found in various sectors.
- Harness technology for seamless ESG integration: Dive into the transformative power of technology and discover how it can effortlessly weave ESG practices into the fabric of your organizational structures

If you're eager to showcase your sponsor case study, connect with **Tamaz**, our Head of Business Development, at **tamaz@evintel.eu**.

Join us in shaping an extraordinary conference experience.

12:00 Panel Discussion: Navigating the Landscape of ESG Reporting and Double Materiality

- Master transparent ESG reporting: Examining best practices for clear and comprehensive ESG reporting, ensuring transparency and accountability
- Unpack the complexities of double materiality and its implications on both financial and non-financial aspects of businesses
- Leveraging technology for efficient ESG data reporting: How technology solutions can streamline ESG data collection, analysis, and reporting to meet the demands of double materiality
- Gap analysis: Identify the holes in your reporting program

13:30 Case-study: Strategic ESG Data Management for Corporate Impact

- Next-gen data collection techniques: Exploring innovative approaches to collect and analyze ESG data, leveraging technology for accuracy and efficiency
- Ensure data quality and reliability: Establish best practices for maintaining high-quality ESG data, addressing challenges, and ensuring reliable reporting
- Technological solutions for ESG data challenges: Showcasing cutting-edge technologies that enhance ESG data management, offering solutions to common industry challenges

14:00 Data-Driven ESG Decision Making: A Roadmap for Success

- ESG data for strategic decision making: Demonstrating how organizations can utilize ESG data to inform business decisions and drive positive impact
- Create actionable insights from ESG data: Strategies for translating raw ESG data into meaningful insights that guide corporate strategies and initiatives
- The business value of ESG data: The tangible benefits of effective ESG data management, including AI applications, in terms of improved performance, stakeholder relations, and sustainability outcomes AI impact on ESG data management: Explore how AI enhances ESG data reliability, collection, analytics, and reporting

If you're eager to showcase your sponsor case study, connect with **Tamaz**, our Head of Business Development, at **tamaz@evintel.eu.**

Join us in shaping an extraordinary conference experience.

14:30 Panel Discussion: Transformative Leadership: ESG Governance in Action

- How can leadership effectively drive an ESG culture from the top, creating a corporate environment that prioritizes and integrates ESG considerations?
- In what ways can decision-making for ESG impact be made more inclusive, incorporating diverse perspectives to foster innovation and ethical decision-making?
- What are the most effective approaches for engaging stakeholders in ESG governance, enhancing transparency and accountability in the process?

15:20 Opportunity to learn about the sponsor solutions and interactive networking session 15:40 Coffee Break

16:00 Case-study: Strategic Governance Frameworks for ESG Success

- Build robust ESG governance models: Insights into establishing effective governance structures that integrate ESG principles into organizational strategies
- Navigate ethical considerations in ESG: Addressing ethical challenges and ensuring responsible practices in alignment with ESG goals
- Measuring and reporting ESG governance: Key performance indicators and reporting mechanisms to evaluate the success of ESG governance frameworks
- Governance data: Showcasing the evolution from traditional governance scores to a more comprehensive Economic Dimension Score (EDS), including criteria like risk and crisis management, supply chain management, and tax strategy

16:40 Unlocking the Potential of Double Materiality in Sustainable Finance

- Decoding double materiality for business impact
- Risk management and double materiality: Assessing financial materiality, allowing you to identify both risks and opportunities
- Strategies for integration: New best practice examples of how to take the double materiality approach in your business

If you're eager to showcase your sponsor case study, connect with **Tamaz**, our Head of Business Development, at **tamaz@evintel.eu**.

Join us in shaping an extraordinary conference experience.

17:10 Closing Plenary Session: Digital Horizons: ESG Strategies for the Next Era of CompaniesFinance

- Beyond the screen: Digital transformation for positive ESG impact
- Ethical algorithms: Navigating data-driven technologies responsibly
- Future-proofing with ESG: Sustainable strategies for companies in the digital age

17:50 End of Day One - Closing Address from the Chairperson 18:00-19:30 Networking Drinks Reception

08:30 Morning Coffee

08:50 Opening Address from the Chairperson

09:00 Keynote Address: **Towards a Just Energy Transition - Balancing the Social and Environmental Dimension in the Shift to Cleaner Energy**

- Meet net zero commitments through collective engagement and collaboration
- Ensure the necessary economic and societal adjustments
- What does this mean in practice for businesses? How can metrics quantify "just"?
- How are businesses placing the transition into their core culture?

09:20 Smart Technologies for Energy Transition

- Towards personalized energy management: what new technologies are paving the way
- Optimizing the energy system: which green technologies hold the most potential?
- Optimizing the generation process: how can data enhance efficiency and reliability?
- Disruptive technologies boosting energy transition
- The power of smart meters

If you're eager to showcase your sponsor case study, connect with **Tamaz**, our Head of Business Development, at **tamaz@evintel.eu**.

Join us in shaping an extraordinary conference experience.

10:00 Case-Study: Emission Management and Carbon Risk Monitoring

- Evaluate your company's Carbon Risk
- Data challenges for measuring climate risk: Types of data required
- Understanding MRV (Measurement, Reporting, and Verification) of carbon credits
- Carbon removal technologies

10:30 Opportunity to Learn about the Sponsor Solutions and Interactive Networking Session 10:50 Coffee Break

11:10 Case-Study: Biodiversity Risk Mitigation – How to Proactively Assess Biodiversity Impacts

- Corporate biodiversity footprint
- How do companies measure biodiversity risks and how does this affect your company valuations and financingconditions?
- Launch of GRI 101: Biodiversity 2024: Which changes should enterprises implement?
- Which decisions and business practices lead to biodiversity loss and how can they be betterassessed?
- ullet Where in the value chain do impacts occur, and how can you manage them?
- Preparing for the Taskforce on Nature-related Financial Disclosures (TNFD) recommendations

11:40 Panel Discussion: A Circular Supply Chain - Sustainability is a Team Game

Advancing the lower carbon future demands engagement from every aspect of the energy value chain. Collaboration and innovation need to happen on a greater scale and faster than ever before - across countries, industries, and companies – acting alone won't be enough anymore to meet energy and climate goals.

- More than carbon where else should enterprises focus for a full picture of a circular economy?
- ESG to help you build a better supplier network
- What are the best first steps to promote ESG education while working with your suppliers?
- How can circularity be funded and achieved while ensuring the products involved maintain their value?
- German Supply Chain Act what does it mean for European enterprises?
- How does a data-driven approach support Human Rights Due Diligence (HRDD)?

12:30 Lunch and Networking

13:30 Case-study: Measuring Social Impact - The "S" in ESG

- How do enterprises measure the "S" in ESG?
- Standardizing an approach to measure the "S" in ESG
- How does a social impact strategy advance the ESG agenda?
- Promoting social education down the supply stream

14:10 Addressing Scope 3 Challenges to Accelerate Decarbonization

- Calculating Scope 3 GHG inventory: Best practices
- How to simplify data collection by targeting scope 3 relevant categories
- Challenges with data management for reporting
- Identifying opportunities to drive supplier improvement

If you're eager to showcase your sponsor case study, connect with **Tamaz**, our Head of Business Development, at **tamaz@evintel.eu**.

Join us in shaping an extraordinary conference experience.

14:50 Opportunity to Learn about the Sponsor Solutions and Interactive Networking Session

15:20 Coffee Break

15:30 Panel Discussion: Practices of "Greenhushing" vs "Greenwashing" The Role of Communication

- The fear of being penalized for the information released has pushed companies into "greenhushing" – what are the consequences of such behavior?
- EU Green Claims Directive combating "greenwashing": Implications and opportunities for enterprises
- Rising false green practices: Greencrowding and greenlighting
- What is the right balance between disclosing and overstating?
- How can enterprises be encouraged to communicate their challenges and successes?

16:20 Panel Discussion: AI for Sustainability – A Valuable Tool and a Difficult Challenge

- Al Paradox: balancing impact and power
- How can we enhance the use of AI in sustainability without losing sight of sustainability?
- Which are the new solutions that industries can benefit from for sustainable development?

17:00 End of Day Two - Closing Address from the Chairperson

What to Expect at an Evintel Event CONVERSE. CONNECT. COLLABORATE.

WE KEEP IT

60-80 participants is our ideal audience size.

We know the value of smaller, more meaningful conversation over a coffee.

Skip the busy expos and find your focus with us.

WE FOCUS ON CONTENT

It's not about reputation-polishing or lofty keynotes.

Specialists give real execution strategies and hands-on approaches you can take back to your team.

YOUR DATA IS SECURE

We don't sell your data or bother you with emails outside of event info.

All delegates receive GDPR-compliant information to keep the conversation going after the event.

ENJOY EXCLUSIVE ACCESS

Closed-door events are a safe space for frank discussions under Chatham House Rules.

We hand-pick our high-level delegates to ensure quality networking and expert advice.

REGISTRATION FORM

For booking send completed form by email scanned to: Mr. Tamaz Chokhonelidze tamaz@evintel.eu
